

*We are called to be Good News people  
and be different to create a lasting  
impact*

“Europe needs Hope. The early church was spreading Hope by being different. Today, the Hope Event gathers different Networks, which cover a variety of topics and that wrestle with the question of how to be visibly different. Together we will strengthen the Church in spreading Hope for Europe.”

Thomas Bucher | EEA General Secretary

“Hope for Europe is a unique opportunity for you to connect with evangelical leaders across Europe and to learn how different networks and ministries can contribute to building God’s kingdom not only in Europe, but also in your own country!”

Rev. Dr. Frank Hinkelmann | EEA President

8-13 OCTOBER 2018 | TALLINN, ESTONIA

# Invest in Your Ministry

Reasons to come to Hope for Europe Tallinn

## NATIONAL EVANGELICAL ALLIANCES

There will be a special track for General Secretaries, NEA's staff and Board Members. This is a fabulous opportunity to extend the reach of your NEA!

You will be able to:

- Get input from National EA's which are running local networks successfully.
- Connect with networks and make plans a strategize how they can be established in your country for the benefit of your members and your general ministry.
- There will be time for interaction, but also for planning the follow-up in order to make it practical and profitable.

There is no better time and place where you can learn to make use of existing resources to serve and equip your members.

## EEA HOPE FOR EUROPE NETWORKS

Networks will have a great platform to develop and expand their work. The Hope event serves as a springboard for established Networks but also for others who want to use this opportunity to get started.

This will result in:

- New members and more committed members
- Better link with the EEA and the NEAs and through this get a better platform and use it better for the benefit of the church
- Deeper cooperation with Affiliate Members
- Closer cooperation among each other (less duplication, more sharing of resources ...)
- Connections with other (related) networks
- Better connection with National EAs and provide help to start new Networks on national level

## AFFILIATE MEMBERS

Affiliate Members of the European Evangelical Alliance have expertise in various areas which are not fully used in most National Evangelical Alliances. Affiliate Members will have time in the General Secretaries' track to:

- Present their work, show specifically what added value they have for National EAs,
- Suggest the added value they expect from National Evangelical Alliances and ask questions to National Evangelical Alliances.
- Build further on their relationships with the various Networks which will result in better cooperation and more impact.

# HOPE POSTERS

In preparation for Hope for Europe we ask the National Evangelical Alliances, the Affiliate Members and EEA HfE Networks to share encouraging examples of successful cooperation within the European Evangelical Alliance community. For example partnerships with EEA, an Affiliate, an EEA HfE Network, or a National EA. It could be partnerships based on sharing of resources, linking to valuable contacts, combining efforts, etc.

To present collaborations we use the format of a poster. This is a simple and clear way to present the essence of an initiative.

## Why using posters?

- To show the power of partnership and cooperation in the EA community
- To inspire others to make use of networking inside the EA community
- To present local and regional initiatives
- To share ideas with others how they can partner with you

The Hope Posters will be displayed in the conference building.

Poster templates are available in the formats InDesign, Photoshop, TIFF and Word, and can be downloaded from the website.

**Deadline:** Send your ready PDF file of poster(s) by September 12 and we will print them for the conference.

*We believe that sharing of good ideas will result in good practices for the benefit of all!*
