- 6. Professional workers**
- 7. Clear construction time**

Countries JAF operates in

Tuzla unauthorised “bridge”, 2003

Destruction of North Bridge in Kyiv, 2026

Questions for Journey Groups

1. Should all bridges be restored? When should we “shake the dust off” our feet?
2. Have you observed in which life situations you behave like a spiritual “Rambo”? How does it influence your building bridges with people, Christians, churches, organizations? Or even prevent from building them?
