Discussion:

- What are your questions about trafficking and exploitation or about EFN?
- Vulnerabilities lead to exploitation. Vulnerabilities are defined as “a non-controllable factor that affects a person’s power, autonomy / agency.” What are the vulnerabilities most often expressed by those in your community?
- What support does your church need in addressing the needs within it and in your community?
- Because often those who are most vulnerable stay hidden due to the danger, what vulnerabilities may exist that you are not hearing about / seeing?

Ways You Can Partner with EFN:

- Connect with EFN members in your local area so that they can support your church and community in work and needs that already exists
- Request an EFN speaker for your EEA and church
- Donate to EFN
