NETWORK: Reaching Europe's Children

Most people who become followers of Jesus do so during
their childhood and early teenage years.

Yet millions of children across Europe are growing up with little opportunity to know Jesus, hear the Gospel or be discipled in faith.

What if reaching and discipling children became a **shared mission priority** for the Church in Europe?

How can we work together to:

REACH children with the Gospel
DISCIPLE them into lifelong faith
EQUIP families and churches
EMPOWER children to participate in God's mission

Join the conversation. Let's reach Europe's children — together.
